# Understanding the Current Guidelines for Preparing Pediatric and Newborn Feedings in Health Facilities

Presented by **Caroline Steele, MS, RD, IBCLC**

Caroline Steele summarizes the newest guidelines and recommendations to ensure safe human milk and infant formula storage, handling, and preparation. She outlines potential failure points that can lead to formula and breast milk mishandling and misadministration, and highlights best practices—such as centralized handling and bar code scanning—to reduce the risk of contamination and feeding administration errors. The detailed guidelines can be utilized to guide quality improvement for safe feeding practices for vulnerable neonatal and pediatric patients.

### About the Presenter

Ms. Steele is an expert on pediatric nutrition and lactation, and is coeditor of the third edition of *Infant and Pediatric Feedings: Guidelines for Preparation of Human Milk and Formula in Health Care Facilities*.

### Learning Objectives

- Recognize the risks associated with mishandling and misadministration of human milk and formula
- Review current guidelines for the safe preparation of human milk and formula feeding
- Identify at least 1 best practice for implementation within your unit or hospital

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Annenberg Center for Health Sciences at Eisenhower (Annenberg Center) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

The Annenberg Center designates this activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Annenberg Center designates this activity for a maximum of 1.0 American Nurses Credentialing Center (ANCC) contact hour.

Provider is approved by the California Board of Registered Nursing, Provider #13664, for 1.0 contact hour. *To receive credit for education contact hours outside of the state of California, please check with your state board of registered nursing for reciprocity.*

Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive 1.0 continuing professional education unit (CPEU) for completion of this program/material.

### Activity Format

This activity is an online enduring material. Successful completion is achieved by reading and/or viewing the material, reflecting on its implications in your practice, and completing the assessment component.

**Commission on  
Dietetic Registration**  
Academy of Nutrition and Dietetics

Completion of this RD/DTR profession-specific or IPCE activity awards CPEUs (One IPCE credit = One CPEU). If the activity is dietetics-related but not targeted to RDs or DTRs, CPEUs may be claimed which are commensurate with participation in contact hours (One 60 minute hour = 1 CPEU). RDs and DTRs are to select activity type 102 in their Activity Log. Sphere and Competency selection is at the learner's discretion.
